A.
APPLICANT LETTER

Dear Applicant:

This application packet contains information and the required forms for you to use in submitting a new application for funding under one program authorized by the Individuals with Disabilities Education Act (IDEA). This packet covers one competition under the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities (CFDA 84.326) program—Early Childhood Technical Assistance Center (CFDA No. 84.326P).

An application for an award must be:

- (1) hand-delivered, submitted electronically or mailed by the closing date; and,
- (2) for paper applications, have an original signature on at least one copy of the assurances and certifications (Part IV of the application form).

It is also important to include the appropriate Catalog of Federal Domestic Assistance (CFDA) numeric and alpha in Item #4 on ED Form 424 (Early Childhood Technical Assistance Center, CFDA No. 84.326P) for paper applications.

Please note the following:

APPLICATION SUBMISSION.

Based on the precautionary procedures the U.S. Postal Service is using to process mail, we are experiencing delays in the delivery of mail to the Department. Therefore, you may want to consider sending your application by overnight courier or submitting your application electronically.

GRANTS.GOV APPLICATION SUBMISSION.

Applications for grants under this competition may be submitted electronically using the Grants.gov Apply site (www.Grants.gov). Please read carefully the document that we have included on pages B-33-35, which includes helpful tips about submitting electronically using the Grants.gov Apply site. **Also, applicants are required to upload their attachments in .pdf format only.** Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically, or by mail or hand delivery, can also be found in section E-1 of this application package, Application Transmittal Instructions and Requirements for Intergovernmental Review. Additional instructions for sending applications electronically are provided on page G-4, Application Forms and Instructions for Grants.gov Applications.

MAXIMUM AWARD AMOUNT.

In addition to providing detailed budget information for the total grant period requested, the competitions included in this package have maximum award amounts. Please refer to the specific information for the priority/competition to which you are

submitting an application (i.e., Section C of this package). Please be advised that for the priority in this package, the maximum award amount covers all project costs including indirect costs.

STRICT PAGE LIMITS.

The competitions included in this package limit the Part III Application Narrative to a specified number of double-spaced pages. This page limitation applies to all material presented in the application narrative. (Please refer to the specific requirements on page limits for the priority/competition to which you are submitting an application, Section C of this package). The Department will reject, and will NOT consider an application that does not adhere to the page limit requirements for the competition.

FORMAT FOR APPLICATIONS.

Additional information regarding formatting applications has been included on Pages D-3 and D-4 of the “General Information on Completing an Application” section of this package. Please note that charts, tables, figures, graphs, and logic models **can** be single spaced and placed in an Appendix A. Reviewers will be instructed to review the content of Appendix A as they do the application narrative but will not be required to review any other appendices. Appendix A is to be used only for charts, tables, figures, graphs, and logic models that provide information directly relating to the application requirements for the narrative—it should not be used for supplementary information.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH.

The discretionary grant Application Form SF 424 requires applicants to indicate whether they plan to conduct research involving human subjects at any time during the proposed project period. The Protection of Human Subjects in Research Attachment is an integral part of the SF 424 form. It includes information that applicants need to complete the protection of human subjects item and, as appropriate, to provide additional information to the Department regarding human subjects research projects. Additional information on completing the protection of human subjects item is also available and can be accessed on the Internet at:

www.ed.gov/about/offices/list/ocfo/gcsindex.html
www.ed.gov/about/offices/list/ocfo/humansub.html

RESPONSE TO GPRA.

As required by the Government Performance and Results Act (GPRA) of 1993 OSEP has developed a strategic plan for measuring GPRA performance. The program included in this announcement is authorized under Part D - National Activities to Improve Education of Children with Disabilities of the Individuals with Disabilities Education Act. The Office of Special Education Programs (OSEP) will collect information to assess progress and performance. See Performance Measures included in the Priority Description section of this application package. Applicants are encouraged to consider this information as applications are prepared.

COPIES OF THE APPLICATION.

Current Government-wide policy requires that an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This would mean an original and two copies need to be submitted and we would appreciate your voluntarily submitting an additional three copies (six applications in all). If you are submitting your application electronically, you do not need to submit paper copies of the application. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request an electronic copy of the application in MS Word or a PDF file. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

A contact person is available to provide information to you regarding this competition. Please refer to the name of the program contact at the end of the priority description. OSEP also provides information on developing performance measures and logic models at www.tadnet.org/model_and_performance to assist you in preparing a quality application. For information about other U.S. Department of Education grant and contract opportunities, we encourage you to use the Department's grant information web page which can be accessed on the Internet at:

www.ed.gov/about/offices/list/ocfo/grants/grants.html

We appreciate your efforts to improve the provision of services for individuals with disabilities.

Sincerely,

/s/

FULL TEXT OF ANNOUNCEMENT

I. FUNDING OPPORTUNITY DESCRIPTION

PURPOSE OF PROGRAM:

The purpose of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program is to promote academic achievement and to improve results for children with disabilities by providing technical assistance (TA), supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research.

PRIORITY:

In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute or otherwise authorized in the statute (see sections 663 and 681(d) of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1463 and 1481(d)).

Absolute Priority:

For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Early Childhood Technical Assistance Center.

BACKGROUND:

The Office of Special Education Programs (OSEP) is committed to ensuring that all infants, toddlers, and preschool children with disabilities receive effective services in natural environments and inclusive settings that promote positive developmental and learning outcomes. Effective services depend on:

- (1) the quality of early intervention programs authorized under Part C of IDEA and preschool programs authorized under Part B of IDEA;
- (2) the coordination of these programs with each other and with other early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families; and

- (3) the capacity of early childhood programs to scale up and sustain effective implementation components to support the use of evidence-based interventions at the local program level.

OSEP has supported the implementation of IDEA Part C early intervention services and Part B preschool services by funding technical assistance (TA) centers that have helped States strengthen their State and local systems and build the capacity of providers to improve developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families. OSEP will further this work by funding a cooperative agreement to support the establishment and operation of an Early Childhood Technical Assistance Center (Center). The Center will support States in administering high-quality and effective IDEA Part C early intervention and Part B preschool programs through TA and recommendations for practice.

In recent years, States have faced a growing number of challenges as they implement the IDEA Part C early intervention and Part B preschool programs. In addition to the economic and fiscal challenges at the State and local levels, States are seeing an increase in the number of infants, toddlers, and preschool children with complex needs who are eligible for services under IDEA Part C early intervention and Part B preschool programs (Part C State Performance Plan (SPP)/Annual Performance Report (APR) 2011 Indicator Analyses, FFY 2009-10; Part B SPP/APR 2011 Indicator Analyses, FFY 2009-10). Moreover, given the complexity of and interplay between these programs, many States struggle with difficult systems issues, such as:

- (1) ensuring that all children eligible for services under Part C of IDEA are identified and evaluated or screened;
- (2) maximizing all available funding sources for IDEA Part C services;
- (3) improving transition services for children who are first served under an IDEA Part C program and then receive IDEA Part B preschool services;
- (4) collecting valid and reliable child and family outcome data under IDEA Part C early intervention and Part B preschool programs to inform program improvement; and
- (5) coordinating with other early childhood programs (Infant and Toddler Coordinators Association Tipping Points Survey, 2011; Part C SPP/APR 2011 Indicator Analyses, FFY 2009-10; Part B SPP/APR 2011 Indicator Analyses, FFY 2009-10).

To meet the challenges of implementing IDEA Part C early intervention and Part B preschool programs, program administrators must understand the elements that are necessary to implement high-quality early intervention and preschool programs effectively and efficiently. Ensuring that Part C early intervention and Part B preschool programs are coordinating with other early childhood programs in a State is one such element that could increase a program's effectiveness and efficiency. However, developing a coordinated and integrated early childhood system within a State is a significant challenge because there are multiple early childhood programs (e.g., IDEA Part C early intervention; IDEA Part B preschool; Head Start; Early Head Start; child care; State-funded Pre-K programs) administered by different agencies with different policies, procedures, and funding streams, and infants, toddlers, and preschool children with disabilities are often served by more than one of these programs at a time. Overcoming this overarching challenge to provide a coordinated and integrated early childhood system is critical to ensuring that infants, toddlers, and preschool children with disabilities and their families receive high-quality services from the array of early childhood programs that are available to serve them. As States continue to work towards designing and implementing a coordinated and integrated system of early childhood programs and services through such initiatives as the Race To the Top—Early Learning Challenge (RTT-ELC), it is critical that support be provided to the IDEA Part C early intervention and Part B preschool programs to assist them in aligning resources and policies across multiple levels (e.g., State, regional, local) of the early childhood service system. Such support would help these programs reduce inefficiencies across early childhood programs, and improve the quality of services for infants, toddlers, and preschool children with disabilities and their families.

A challenge at the local program level is the lack of adequately trained personnel who can implement effective services and evidence-based interventions, suggesting that infants, toddlers, and preschool children with disabilities may not be achieving the learning and developmental outcomes that are possible (Bruder, 2010; Odom, 2009). In surveys of State Part C and Part B, Section 619 Coordinators, respondents have expressed concern that personnel who work with infants, toddlers, and preschool children with disabilities and their families are not adequately trained (Bruder, Mogro-Wilson, Stayton, & Dietrich, 2009). Furthermore, although the Division of Early Childhood of the Council for Exceptional Children's (DEC) recommended practices for personnel working with infants, toddlers, and preschool children with disabilities and their families is a valuable resource on intervention practices used by the field, that resource needs to be updated to include current research on implementing

high-quality, coordinated, and integrated early childhood systems; effective services; and evidence-based interventions.

IDEA Part C early intervention and Part B, Section 619 program administrators must ensure that their programs and providers are delivering effective services and evidence-based interventions. To do so, States must have “implementation components” in place at the State and local levels to support providers in using effective services and evidence-based interventions.

“Implementation components” are the organizational supports that allow providers to develop the competence needed to implement effective services and evidence-based interventions in the way they were designed to be delivered (Fixsen, Blasé, Horner, & Sugai, 2009). Examples of implementation components include professional development and training, ongoing consultation and coaching, performance assessments, data systems to support decision making, administrative support to ensure personnel have the resources and skills they need to implement interventions, and systems that align policies and funding mechanisms across multiple levels (e.g., State, regional, local) (Fixsen et al., 2009). Once implementation components are in place and the system’s capacity to implement effective services and evidence-based interventions is established, the State will be better equipped to implement, scale up, and sustain a range of effective services and evidence-based interventions across multiple programs (Fixsen et al., 2009).

Establishing high-quality, effective and efficient IDEA Part C early intervention and Part B preschool programs that are coordinated and integrated with other early childhood programs and that have the capacity to support providers in implementing effective services and evidence-based interventions for infants, toddlers, and preschool children with disabilities and their families, requires changes to a State’s early childhood services system at multiple levels. TA has been identified as a strategy to facilitate these changes (Blasé, 2009). Recognizing the complexity of systems change, particularly with respect to a system as complex as the system of services through which early childhood services are provided, intensive TA is needed at the State level so that a State can overcome challenges and support local early childhood programs in delivering evidence-based, high-quality, effective, coordinated, and integrated services and interventions to improve developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

PRIORITY:

Under this priority, the Department will fund a cooperative agreement to establish and operate an Early Childhood Technical Assistance Center (Center) to support States in administering IDEA Part C early intervention and Part B preschool programs. Specifically, the Center will provide TA to States to assist them in:

- (1) implementing high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs;
- (2) coordinating the IDEA Part C early intervention and Part B preschool programs with one another as well as with other early childhood programs in the State; and
- (3) implementing effective services and evidence-based interventions in early childhood programs that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

In addition, the Center will develop a set of empirically supported recommendations for practice on:

- (1) policies that promote a high-quality, coordinated, and integrated system of early childhood programs; and
- (2) services and interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

With additional funding in years two through five, the Center will increase its scope of work and assist States in continued development and refinement of the State's child and family outcomes measurement systems for the IDEA Part C early intervention and Part B preschool programs.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in this priority. Any project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

APPLICATION REQUIREMENTS.

An applicant must include in its application—

- (a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web sites provide more information on logic models:

www.researchutilization.org/matrix/logicmodel_resource3c.html and
www.tadnet.org/model_and_performance.

- (b) A plan to implement the activities described in the Project Activities section of this priority;
- (c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services. This plan must include how the Center will collect data on all components of the Center activities;
- (d) A budget for a summative evaluation to be conducted by an independent third party, who must be approved by OSEP;
- (e) A budget dedicating a minimum of \$300,000 in year one of the project to cover the costs of carrying out the tasks described in paragraph (d) of the Knowledge Development Activities section of this priority;
- (f) A budget dedicating a minimum of \$900,000 annually to cover the costs of carrying out tasks in paragraph (e) of the Knowledge Development Activities section of this priority and paragraphs (a)(1)(i)(E), (a)(2)(iv), (a)(3)(iii), and (b) in the Technical Assistance and Dissemination Activities section of this priority related to supporting the implementation of effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families;

(g) A budget for attendance at the following:

(1) A two-day kick-off meeting to be held in Washington, DC, after receipt of the award, and an annual planning meeting held in Washington, DC, with the OSEP Project Officer during each subsequent year of the project period.

Note: Within 30 days of receipt of the award, a post-award teleconference must be held between the OSEP Project Officer and the grantee's Project Director or other authorized representative.

(2) A three-day Project Directors' Conference in Washington, DC, during each year of the project period.

(3) A two-day Leveraging Resources conference in Washington, DC, during each year of the project period.

(4) A three-day Leadership Conference in Washington, DC, during each year of the project period.

(5) Two two-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and

(h) A line item in the proposed budget for an annual set-aside of five percent of the grant amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Center must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

PROJECT ACTIVITIES.

To meet the requirements of this priority, the Center, at a minimum, must conduct the following activities:

KNOWLEDGE DEVELOPMENT ACTIVITIES.

- (a) In the first three months of the project period, identify a minimum of six States to partner with to develop a framework¹ for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs. Each partnering State must have commitments from its IDEA Part C early intervention and Part B preschool programs to participate in the activities of the Center. Factors for consideration in selecting these States could include the type of State lead agency designated to implement IDEA Part C (e.g., health or education); funding mechanisms (use of private and public insurance, family fees, or parent cost participation to pay for IDEA Part C services, and State fund contributions for IDEA Part C and Part B preschool programs); interagency collaboration agreements; eligibility criteria for IDEA Part C (e.g., narrow versus broad eligibility for IDEA services for children with developmental delays or at-risk children or birth-mandate States); staffing of programs (e.g., contracting versus hiring staff); approach to services (multidisciplinary, transdisciplinary, etc.); recipient of an RTT-ELC grant; and performance on APRs. The Center must obtain approval from OSEP on the final selection of partnering States.
- (b) In the first two years of the project period, partner with the States identified in response to paragraph (a) of this section to develop, implement, and evaluate a framework for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs. In developing this framework, the Center must work with its partner States to identify, describe, and document the elements that make up IDEA Part C and Part B preschool programs and describe what must exist within each element to create high-quality, effective, and efficient programs. These elements must include, but are not limited to, the following: governance structure; funding mechanism; interagency agreements and coordination; service delivery model; personnel standards and qualifications; professional development system; TA system; comprehensive data system; accountability and outcome measurement system; and evaluation and program quality and improvement system. The Center must implement an iterative process for the development, implementation, and evaluation of the framework where parts of it are developed, implemented, and evaluated before the entire framework is completed, ensuring that it is an effective framework for the partner States and other States to use.

¹ For the purposes of this priority, “framework” means a guide for decision making.

- (c) On an annual basis, compile and analyze data on all States' APRs and updated SPPs for IDEA Part C indicators and Part B indicators that relate to preschool programs, provide an analysis of States' success in meeting compliance and performance indicators, and use the analysis as the basis for providing States a continuum of TA.
- (d) In year one of the project, collaborate with the DEC to update the current set of DEC recommended practices related to:
 - (1) policies that promote a high-quality, coordinated, and integrated early childhood system and provide a foundation necessary to facilitate the use of recommended practices by providers serving infants, toddlers, and preschool children with disabilities and their families; and
 - (2) effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

The Center must work with the Early Childhood Personnel Center (that will be updating the DEC's recommended practices related to professional development), if funded by OSEP, to finalize the process to update the recommended practices so that they reflect current research. The recommended practices must be made available at no cost to consumers on the Center's Web site, as required under paragraph (a)(1)(i) in the Technical Assistance and Dissemination Activities section of this priority.

- (e) Identify, document, and describe the implementation components needed to support the use and sustainability of effective services and evidence-based interventions in early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families, consistent with paragraph (a)(3)(iii)(B) of the Technical Assistance and Dissemination Activities section of this priority.

TECHNICAL ASSISTANCE AND DISSEMINATION ACTIVITIES.

- (a) Provide a continuum of TA and dissemination activities that improve the quality, effectiveness, and efficiency of early childhood programs that support the use of effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families. The continuum must include the following:

- (1) General TA to States, early childhood programs, professional development providers, faculty at institutions of higher education (IHEs), researchers, early childhood personnel, families, and other relevant stakeholders. At a minimum, the Center must conduct the following activities:
 - (i) Develop and disseminate reports, products, guidance, implementation tools, and other materials at no cost to the consumer on:
 - (A) Current recommendations for practice related to—
 - (1) Policies that promote a high-quality, coordinated, and integrated early childhood system and provide a foundation necessary for providers to use the recommended practices to serve infants, toddlers, and preschool children with disabilities and their families; and
 - (2) Effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.
 - (B) The framework for high-quality, effective, and efficient IDEA Part C and Part B preschool programs.
 - (C) The analysis of all State data collected for IDEA Part C indicators that relate to early intervention programs and Part B indicators that relate to preschool programs.
 - (D) Collecting quality child and family outcome data, and using child and family outcome data for program improvement.
 - (E) Critical features of the implementation components needed to support the use, scaling up, and sustainability of effective services and evidence-based interventions in early childhood programs at the State and local program levels.
 - (ii) Maintain a Web site that meets government or industry-recognized standards for accessibility and that links to the Web site operated by the Technical Assistance Coordination Center (TACC).
 - (iii) In consultation with the OSEP Project Officer, make selected reports, documents, and other materials available in both English and Spanish.

- (2) Targeted TA to States and other relevant stakeholders to improve their capacity to implement high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs and to support the use of effective services and evidence-based interventions in early childhood programs at the local level. At a minimum, the Center must conduct the following activities:
- (i) Assist States in preparing for IDEA Part C early intervention and Part B preschool monitoring and accountability activities related to serving infants, toddlers, and preschool children with disabilities and their families and implementing the State's corrective action plan and improvement activities as appropriate.
 - (ii) Assist States in meeting IDEA Part C early intervention and Part B preschool program indicator targets in their SPPs when reporting data on their APRs, including child and family outcome data for program improvement; and meeting new requirements in the IDEA Part C regulations issued on September 28, 2011 (76 FR 60140).
 - (iii) Plan and implement activities, which could include webinars, meetings, video conferences, and Web sites to support States in the continued development and refinement of a child and family outcomes measurement system, including using data for IDEA Part C early intervention and Part B preschool program improvement.
 - (iv) Assist States in their efforts to better coordinate their early childhood programs to ensure that infants, toddlers, and preschool children with disabilities and their families receive high-quality services and to scale up and sustain effective implementation components in early childhood programs.
 - (v) Provide a forum for researchers, professional development providers, early childhood personnel, IHE faculty, and other relevant stakeholders to collaborate through learning communities, communities of practice, or other mechanisms to discuss recommended practices related to high-quality early childhood systems, effective services, and evidenced-based interventions in early childhood programs and methods to support their use.
- (3) Intensive TA to States to improve their capacity to implement high-quality, effective, and efficient early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families and scale up and sustain effective implementation components

to support the use of effective services and evidence-based interventions in early childhood programs at the local level. At a minimum, the Center must conduct the following activities:

- (i) Provide TA to States on implementing the framework for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs developed under paragraph (a) in the Knowledge Development Activities section of this priority in the first and second years of the project period.
- (ii) In years two through five of the project period, provide TA to States on implementing a high-quality child and family outcomes measurement system that takes into account the following components: purpose of the outcomes measurement system, data collection and transmission, data analysis, reporting, using data, evaluation, and cross-system coordination. In carrying out this activity, the Center must collaborate with the Early Childhood Data Center, if funded by OSEP, to prevent duplication of effort.
- (iii) Select a minimum of four States to build their capacity to scale up and sustain effective implementation components to support the use of effective services and evidence-based interventions at the local early childhood program level. The Center must develop a plan and criteria for selecting the States with which they will work. Factors for selecting States for consideration could include the State's early childhood priorities and initiatives; the commitment of the State's multiple early childhood programs to participate in the TA to support the developmental and learning outcomes of infants, toddlers, and preschool children with disabilities and their families; the commitment of the State's IHEs, including community colleges, to prepare preservice personnel on the use of the evidence-based interventions that may be scaled up within the State; the commitment of the early intervention and community-based early childhood programs in high-need communities and high-need local educational agencies (LEAs)² to participate in the TA; and the demographic and geographic characteristics of each State, including the percentage of young children who are high-need children with disabilities.³ The Center must obtain approval from OSEP

² For the purposes of this priority, the term "high-need local educational agency" means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

³ For the purposes of this priority, "high-need children with disabilities" refers to children (ages birth through 5) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are homeless, (3) are in foster care, (4) are English learners, (5) are new immigrants, or (6) are migrant.

on the final selection of States. At a minimum, the Center must conduct the following activities with the selected States:

- (A) Assist the selected States in identifying effective services and evidence-based interventions for infants, toddlers, and preschool children with disabilities and their families that the States will implement and scale up. Based on the interventions and services identified, the Center must support the implementation and scale up of the interventions and services through direct TA or by contracting with experts in the field.
- (B) Assist each selected State to identify and establish a minimum of six implementation sites in early childhood programs at the local level to identify, document, and describe implementation components and their effectiveness. The Center must develop criteria for selecting the implementation sites. These criteria must be designed to ensure that the sites serve children from diverse backgrounds in a variety of settings, including early intervention and community-based early childhood programs in high-need LEAs.
- (C) Assist each selected State in developing, implementing, and evaluating a plan to scale up and sustain effective implementation components to support the use of effective services and evidence-based interventions across local early childhood programs within each State, including early intervention and community-based early childhood programs in high-need LEAs.
- (b) Establish a national TA network of a cadre of experts on implementation that will support the Center to provide TA to States and local early childhood programs to strengthen their capacity to scale up and sustain effective implementation components.

LEADERSHIP AND COORDINATION ACTIVITIES.

- (a) Communicate and collaborate, on an ongoing basis, with OSEP-funded TA projects, including the TACC, the Regional Resource Centers Program, and early childhood-focused centers funded by the Departments of Education and Health and Human Services (HHS), as appropriate. This collaboration could include the joint development of products, the coordination of TA services, and the planning and carrying out of TA meetings and events.

- (b) Lead the Early Childhood Technical Assistance Consortium (ECTA).⁴ The following Web site provides more information on ECTA: www.ectaconsortium.org/.
- (c) Work with other Federal and State TA efforts to ensure that IDEA Part C early intervention and Part B preschool programs are considered in the development of coordinated early learning and development systems for children ages birth through five and their families. These efforts must include—
- (1) In States with RTT-ELC grants, supporting the involvement of IDEA Part C early intervention and Part B preschool programs in planning and implementing RTT-ELC grant activities; and
 - (2) Supporting the participation of IDEA Part C early intervention and Part B, Section 619 Coordinators on State Advisory Councils on Early Childhood Education and Care.
- (d) Work with other Federal and State TA efforts to strengthen linkages between IDEA Part C early intervention and Part B preschool programs and birth through 3rd grade initiatives.
- (e) Consult with a group of persons, including representatives from State and local IDEA Part C early intervention and Part B preschool programs; State level administrators from other early child systems (e.g., State Child Care Administrators and Head Start Collaboration Directors); early childhood personnel; parents of infants, toddlers, or preschool children with disabilities; representatives from other OSEP-funded TA projects; representatives from HHS-funded TA projects; faculty in personnel preparation; and researchers, as appropriate, on the activities and outcomes of the Center and solicit programmatic support and advice from various participants in the group, as appropriate. The Center may convene meetings, whether in person, by phone or other means, for this purpose, or may consult with group participants individually. The Center must identify the members of the group to OSEP within eight weeks after receipt of the award.

⁴ The ECTA Consortium includes national projects that are funded by the Departments of Education and Health and Human Services that provide TA in support of States' efforts in building coordinated early learning and development systems. The purpose of the consortium is to: coordinate early childhood TA efforts that support States in building and sustaining their systems for early learning and development; share knowledge and resources for improving the delivery and impact of TA; identify strategies for working collaboratively; enhance each other's TA efforts; and explore options to leverage resources to benefit respective constituencies.

- (f) Prior to developing any new product, submit a proposal for the product to the TACC database for approval from the OSEP Project Officer. The development of new products must be consistent with the product definition and guidelines posted on the TACC Web site (www.tadnet.org).
- (g) Contribute, on an ongoing basis, updated information on the Center's approved and finalized products and services to a database at TACC.
- (h) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a) and in addition—

- (a) The recommendation of a review team consisting of experts selected by the Secretary. This review team will be conducted during a one-day intensive meeting in Washington, DC, during the last half of the project's second year. The Center must budget for travel expenses associated with this one-day intensive review.
- (b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and
- (c) The quality, relevance, and usefulness of the Center's activities and the degree to which the Center's activities have contributed to changed practices in State systems and improved developmental and learning outcomes for infants, toddlers and preschool children with disabilities and their families.

WAIVER OF PROPOSED RULEMAKING:

Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priority in this notice.

PROGRAM AUTHORITY:

20 U.S.C. 1463 and 1481.

APPLICABLE REGULATIONS:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 86, 97, 98, and 99.

(b) The Education Department debarment and suspension regulations in 2 CFR part 3485.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to IHEs only.

II. AWARD INFORMATION

TYPE OF AWARD:

Cooperative agreements.

ESTIMATED AVAILABLE FUNDS:

\$3,700,000 for the competition announced in this notice for year one. In year two through five we intend to use an estimated \$4,500,000 for the competition.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2013 from the list of unfunded applicants from this competition.

MAXIMUM AWARDS:

We will reject any application that proposes a budget exceeding \$3,700,000 for a single budget period of 12 months in year one and \$4,500,000 for a single budget period of 12 months in years two through five. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

ESTIMATED NUMBER OF AWARDS: 1.

Note: The Department is not bound by any estimates in this notice.

PROJECT PERIOD:

Up to 36 months with an optional additional 24 months based on performance. Applications must include plans for both the 36 month award and the 24 month extension.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS:

State educational agencies; LEAs, including public charter schools that are considered LEAs under State law; IDEA Part C State lead agencies; the State lead agency designated under RTT-ELC; IHEs; other public agencies; private nonprofit organizations; outlying areas; freely associated States; Indian tribes or tribal organizations; and for-profit organizations.

2. COST SHARING OR MATCHING:

This competition does not require cost sharing or matching.

3. OTHER:

General Requirements—

- (a) The projects funded under this competition must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).
- (b) Applicants and the grant recipients funded under this competition must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

IV. APPLICATION AND SUBMISSION INFORMATION

1. ADDRESS TO REQUEST APPLICATION PACKAGE:

You can obtain an application package via the Internet, from the Education Publications Center (ED Pubs), or from the program office.

To obtain a copy via the Internet, use the following address:

www.ed.gov/fund/grant/apply/grantapps/index.html

To obtain a copy from ED Pubs, write, fax, or call the following:

ED Pubs
U.S. Department of Education
P.O. Box 22207
Alexandria, VA 22304

Telephone, toll free: 1-877-433-7827.

FAX: (703) 605-6794. If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site, also: www.EDPubs.gov or at its email address: edpubs@inet.ed.gov.

If you request an application package from ED Pubs, be sure to identify this competition as follows: CFDA number 84.326P.

To obtain a copy from the program office, contact the person listed under For Further Information Contact in section VII of this notice.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the person or team listed under Accessible Format in section VIII of this notice.

2. CONTENT AND FORM OF APPLICATION SUBMISSION:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to the equivalent of no more than 70 pages, using the following standards:

- A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III).

We will reject your application if you exceed the page limit or if you apply other standards and exceed the equivalent of the page limit.

3. SUBMISSION DATES AND TIMES:

Applications Available: June 19, 2012.

Deadline for Transmittal of Applications: July 19, 2012.

Applications for grants under this competition may be submitted electronically using the Grants.gov Apply site (Grants.gov), or in paper format by mail or hand delivery. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in

section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. INTERGOVERNMENTAL REVIEW:

This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. FUNDING RESTRICTIONS:

We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. DATA UNIVERSAL NUMBER SYSTEM NUMBER, TAXPAYER IDENTIFICATION NUMBER, AND CENTRAL CONTRACTOR REGISTRY:

To do business with the Department of Education, you must—

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must

- (1) be designated by your organization as an Authorized Organization Representative (AOR);
and
- (2) register yourself with Grants.gov as an AOR.

Details on these steps are outlined at the following Grants.gov Web page:

www.grants.gov/applicants/get_registered.jsp.

7. OTHER SUBMISSION REQUIREMENTS:

Applications for grants under this competition may be submitted electronically or in paper format by mail or hand delivery.

a. Electronic Submission of Applications.

We are participating as a partner in the Governmentwide Grants.gov Apply site. The Early Childhood Technical Assistance Center competition, CFDA number 84.326P, is included in this project. We request your participation in Grants.gov.

If you choose to submit your application electronically, you must use the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

You may access the electronic grant application for the Early Childhood Technical Assistance Center competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.326, not 84.326P).

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.
- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.
- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- If you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.
- Your electronic application must comply with any page-limit requirements described in this notice.
- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).
- We may request that you provide us original signatures on forms at a later date.

APPLICATION DEADLINE DATE EXTENSION IN CASE OF TECHNICAL ISSUES WITH THE GRANTS.GOV SYSTEM:

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under [For Further Information Contact](#) in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and

that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

b. Submission of Paper Applications by Mail.

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.326P)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.326P)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

NOTE FOR MAIL OR HAND DELIVERY OF PAPER APPLICATIONS:

If you mail or hand deliver your application to the Department—

- (1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. APPLICATION REVIEW INFORMATION

1. SELECTION CRITERIA:

The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. REVIEW AND SELECTION PROCESS:

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. ADDITIONAL REVIEW AND SELECTION PROCESS FACTORS:

In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within the specific groups. This procedure will make it easier for the Department to find peer reviewers by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

4. SPECIAL CONDITIONS:

Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. AWARD ADMINISTRATION INFORMATION

1. AWARD NOTICES:

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. REPORTING:

(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. PERFORMANCE MEASURES:

Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance

and Dissemination to Improve Services and Results for Children with Disabilities program. These measures focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice.

Grantees will be required to report information on their project's performance in annual reports to the Department (34 CFR 75.590).

5. CONTINUATION AWARDS:

In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

IMPORTANT—PLEASE READ FIRST

U.S. Department of Education GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION—Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

1) **Register Early**

Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]

2) **Submit Early**

We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the CCR (Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) **Verify Submission Is OK**

You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

www.grants.gov/applicants/applicant_faqs.jsp#54.

For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at www.grants.gov/assets/AdobeReaderErrorMessages.pdf. If you discover your application is late or has been rejected, please see the instructions below.

Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems—What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application.

You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to <http://www.grants.gov/contactus/contactus.jsp> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/applicants/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files—Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources: http://www.grants.gov/applicants/app_help_reso.jsp
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

C.
PRIORITY DESCRIPTION AND
SELECTION CRITERIA

EARLY CHILDHOOD TECHNICAL ASSISTANCE CENTER (CFDA 84.326P)

DEADLINE:

July 19, 2012

ABSOLUTE PRIORITY:**Background:**

The Office of Special Education Programs (OSEP) is committed to ensuring that all infants, toddlers, and preschool children with disabilities receive effective services in natural environments and inclusive settings that promote positive developmental and learning outcomes. Effective services depend on:

- (1) the quality of early intervention programs authorized under Part C of IDEA and preschool programs authorized under Part B of IDEA;
- (2) the coordination of these programs with each other and with other early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families; and
- (3) the capacity of early childhood programs to scale up and sustain effective implementation components to support the use of evidence-based interventions at the local program level.

OSEP has supported the implementation of IDEA Part C early intervention services and Part B preschool services by funding technical assistance (TA) centers that have helped States strengthen their State and local systems and build the capacity of providers to improve developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families. OSEP will further this work by funding a cooperative agreement to support the establishment and operation of an Early Childhood Technical Assistance Center (Center). The Center will support States in administering high-quality and effective IDEA Part C early intervention and Part B preschool programs through TA and recommendations for practice.

In recent years, States have faced a growing number of challenges as they implement the IDEA Part C early intervention and Part B preschool programs. In addition to the economic and fiscal challenges at the State and local levels, States are seeing an increase in the number of infants, toddlers, and preschool children with complex needs who are eligible for services under IDEA Part C early intervention and Part B preschool programs (Part C State Performance Plan (SPP)/Annual Performance Report (APR) 2011 Indicator Analyses, FFY 2009-10; Part B SPP/APR 2011 Indicator Analyses, FFY 2009-10). Moreover, given the complexity of and interplay between these programs, many States struggle with difficult systems issues, such as:

- (1) ensuring that all children eligible for services under Part C of IDEA are identified and evaluated or screened;
- (2) maximizing all available funding sources for IDEA Part C services;
- (3) improving transition services for children who are first served under an IDEA Part C program and then receive IDEA Part B preschool services;
- (4) collecting valid and reliable child and family outcome data under IDEA Part C early intervention and Part B preschool programs to inform program improvement; and
- (5) coordinating with other early childhood programs (Infant and Toddler Coordinators Association Tipping Points Survey, 2011; Part C SPP/APR 2011 Indicator Analyses, FFY 2009-10; Part B SPP/APR 2011 Indicator Analyses, FFY 2009-10).

To meet the challenges of implementing IDEA Part C early intervention and Part B preschool programs, program administrators must understand the elements that are necessary to implement high-quality early intervention and preschool programs effectively and efficiently. Ensuring that Part C early intervention and Part B preschool programs are coordinating with other early childhood programs in a State is one such element that could increase a program's effectiveness and efficiency. However, developing a coordinated and integrated early childhood system within a State is a significant challenge because there are multiple early childhood programs (e.g., IDEA Part C early intervention; IDEA Part B preschool; Head Start; Early Head Start; child care; State-funded Pre-K programs) administered by different agencies with different policies, procedures, and funding streams, and infants, toddlers, and preschool children with disabilities are often served by more than one of these programs at a time. Overcoming this overarching challenge to provide a coordinated and integrated early childhood system is critical to ensuring that infants, toddlers, and preschool children with disabilities and their families receive high-quality services from the array of early childhood programs that are available to serve them. As States continue to work towards designing and implementing a coordinated and integrated system of early childhood programs and services through such initiatives as the Race To the Top—Early Learning Challenge (RTT-ELC), it is critical that support be provided to the IDEA Part C early intervention and Part B preschool programs to assist them in aligning resources and policies across multiple levels (e.g., State, regional, local) of the early childhood service system. Such support would help these programs reduce inefficiencies across early childhood programs, and improve the quality of services for infants, toddlers, and preschool children with disabilities and their families.

A challenge at the local program level is the lack of adequately trained personnel who can implement effective services and evidence-based interventions, suggesting that infants, toddlers, and preschool children with disabilities may not be achieving the learning and developmental outcomes that are possible (Bruder, 2010; Odom, 2009). In surveys of State Part C and Part B, Section 619 Coordinators, respondents have expressed concern that personnel who work with infants, toddlers, and preschool children with disabilities and their families are not adequately trained (Bruder, Mogro-Wilson, Stayton, & Dietrich, 2009). Furthermore, although the Division of Early Childhood of the Council for Exceptional Children's (DEC) recommended practices for

personnel working with infants, toddlers, and preschool children with disabilities and their families is a valuable resource on intervention practices used by the field, that resource needs to be updated to include current research on implementing high-quality, coordinated, and integrated early childhood systems; effective services; and evidence-based interventions.

IDEA Part C early intervention and Part B, Section 619 program administrators must ensure that their programs and providers are delivering effective services and evidence-based interventions. To do so, States must have “implementation components” in place at the State and local levels to support providers in using effective services and evidence-based interventions. “Implementation components” are the organizational supports that allow providers to develop the competence needed to implement effective services and evidence-based interventions in the way they were designed to be delivered (Fixsen, Blasé, Horner, & Sugai, 2009). Examples of implementation components include professional development and training, ongoing consultation and coaching, performance assessments, data systems to support decision making, administrative support to ensure personnel have the resources and skills they need to implement interventions, and systems that align policies and funding mechanisms across multiple levels (e.g., State, regional, local) (Fixsen et al., 2009). Once implementation components are in place and the system’s capacity to implement effective services and evidence-based interventions is established, the State will be better equipped to implement, scale up, and sustain a range of effective services and evidence-based interventions across multiple programs (Fixsen et al., 2009).

Establishing high-quality, effective and efficient IDEA Part C early intervention and Part B preschool programs that are coordinated and integrated with other early childhood programs and that have the capacity to support providers in implementing effective services and evidence-based interventions for infants, toddlers, and preschool children with disabilities and their families, requires changes to a State’s early childhood services system at multiple levels. TA has been identified as a strategy to facilitate these changes (Blasé, 2009). Recognizing the complexity of systems change, particularly with respect to a system as complex as the system of services through which early childhood services are provided, intensive TA is needed at the State level so that a State can overcome challenges and support local early childhood programs in delivering evidence-based, high-quality, effective, coordinated, and integrated services and interventions to improve developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

PRIORITY:

Under this priority, the Department will fund a cooperative agreement to establish and operate an Early Childhood Technical Assistance Center (Center) to support States in administering IDEA Part C early intervention and Part B preschool programs. Specifically, the Center will provide TA to States to assist them in:

- (1) implementing high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs;

- (2) coordinating the IDEA Part C early intervention and Part B preschool programs with one another as well as with other early childhood programs in the State; and
- (3) implementing effective services and evidence-based interventions in early childhood programs that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

In addition, the Center will develop a set of empirically supported recommendations for practice on:

- (1) policies that promote a high-quality, coordinated, and integrated system of early childhood programs; and
- (2) services and interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.

With additional funding in years two through five, the Center will increase its scope of work and assist States in continued development and refinement of the State's child and family outcomes measurement systems for the IDEA Part C early intervention and Part B preschool programs.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in this priority. Any project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

APPLICATION REQUIREMENTS.

An applicant must include in its application—

- (a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web sites provide more information on logic models: www.researchutilization.org/matrix/logicmodel_resource3c.html and www.tadnet.org/model_and_performance.

- (b) A plan to implement the activities described in the Project Activities section of this priority;
- (c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the

operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services. This plan must include how the Center will collect data on all components of the Center activities;

- (d) A budget for a summative evaluation to be conducted by an independent third party, who must be approved by OSEP;
- (e) A budget dedicating a minimum of \$300,000 in year one of the project to cover the costs of carrying out the tasks described in paragraph (d) of the Knowledge Development Activities section of this priority;
- (f) A budget dedicating a minimum of \$900,000 annually to cover the costs of carrying out tasks in paragraph (e) of the Knowledge Development Activities section of this priority and paragraphs (a)(1)(i)(E), (a)(2)(vi), (a)(3)(iii), and (b) in the Technical Assistance and Dissemination Activities section of this priority related to supporting the implementation of effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families;
- (g) A budget for attendance at the following:
 - (1) A two-day kick-off meeting to be held in Washington, DC, after receipt of the award, and an annual planning meeting held in Washington, DC, with the OSEP Project Officer during each subsequent year of the project period.

Note: Within 30 days of receipt of the award, a post-award teleconference must be held between the OSEP Project Officer and the grantee's Project Director or other authorized representative.

- (2) A three-day Project Directors' Conference in Washington, DC, during each year of the project period.
- (3) A two-day Leveraging Resources conference in Washington, DC, during each year of the project period.
- (4) A three-day Leadership Conference in Washington, DC, during each year of the project period.
- (5) Two two-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and
- (h) A line item in the proposed budget for an annual set-aside of five percent of the grant amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Center must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

PROJECT ACTIVITIES.

To meet the requirements of this priority, the Center, at a minimum, must conduct the following activities:

Knowledge Development Activities.

- (a) In the first three months of the project period, identify a minimum of six States to partner with to develop a framework⁵ for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs. Each partnering State must have commitments from its IDEA Part C early intervention and Part B preschool programs to participate in the activities of the Center. Factors for consideration in selecting these States could include the type of State lead agency designated to implement IDEA Part C (e.g., health or education); funding mechanisms (use of private and public insurance, family fees, or parent cost participation to pay for IDEA Part C services, and State fund contributions for IDEA Part C and Part B preschool programs); interagency collaboration agreements; eligibility criteria for IDEA Part C (e.g., narrow versus broad eligibility for IDEA services for children with developmental delays or at-risk children or birth-mandate States); staffing of programs (e.g., contracting versus hiring staff); approach to services (multidisciplinary, transdisciplinary, etc.); recipient of an RTT-ELC grant; and performance on APRs. The Center must obtain approval from OSEP on the final selection of partnering States.

- (b) In the first two years of the project period, partner with the States identified in response to paragraph (a) of this section to develop, implement, and evaluate a framework for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs. In developing this framework, the Center must work with its partner States to identify, describe, and document the elements that make up IDEA Part C and Part B preschool programs and describe what must exist within each element to create high-quality, effective, and efficient programs. These elements must include, but are not limited to, the following: governance structure; funding mechanism; interagency agreements and coordination; service delivery model; personnel standards and qualifications; professional development system; TA system; comprehensive data system; accountability and outcome measurement system; and evaluation and program quality and improvement system. The Center must implement an iterative process for the development, implementation, and evaluation of the framework where parts of it are developed, implemented, and evaluated before the entire framework is completed, ensuring that it is an effective framework for the partner States and other States to use.

⁵ For the purposes of this priority, “framework” means a guide for decision making.

- (c) On an annual basis, compile and analyze data on all States' APRs and updated SPPs for IDEA Part C indicators and Part B indicators that relate to preschool programs, provide an analysis of States' success in meeting compliance and performance indicators, and use the analysis as the basis for providing States a continuum of TA.
- (d) In year one of the project, collaborate with the DEC to update the current set of DEC recommended practices related to: (1) policies that promote a high-quality, coordinated, and integrated early childhood system and provide a foundation necessary to facilitate the use of recommended practices by providers serving infants, toddlers, and preschool children with disabilities and their families; and (2) effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families. The Center must work with the Early Childhood Personnel Center (that will be updating the DEC's recommended practices related to professional development), if funded by OSEP, to finalize the process to update the recommended practices so that they reflect current research. The recommended practices must be made available at no cost to consumers on the Center's Web site, as required under paragraph (a)(1)(i) in the Technical Assistance and Dissemination Activities section of this priority.
- (e) Identify, document, and describe the implementation components needed to support the use and sustainability of effective services and evidence-based interventions in early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families, consistent with paragraph (a)(3)(iii)(B) of the Technical Assistance and Dissemination Activities section of this priority.

Technical Assistance and Dissemination Activities.

- (a) Provide a continuum of TA and dissemination activities that improve the quality, effectiveness, and efficiency of early childhood programs that support the use of effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families. The continuum must include the following:
 - (1) General TA to States, early childhood programs, professional development providers, faculty at institutions of higher education (IHEs), researchers, early childhood personnel, families, and other relevant stakeholders. At a minimum, the Center must conduct the following activities:
 - (i) Develop and disseminate reports, products, guidance, implementation tools, and other materials at no cost to the consumer on:

- (A) Current recommendations for practice related to—
- (1) Policies that promote a high-quality, coordinated, and integrated early childhood system and provide a foundation necessary for providers to use the recommended practices to serve infants, toddlers, and preschool children with disabilities and their families; and
 - (2) Effective services and evidence-based interventions that result in positive developmental and learning outcomes for infants, toddlers, and preschool children with disabilities and their families.
- (B) The framework for high-quality, effective, and efficient IDEA Part C and Part B preschool programs.
- (C) The analysis of all State data collected for IDEA Part C indicators that relate to early intervention programs and Part B indicators that relate to preschool programs.
- (D) Collecting quality child and family outcome data, and using child and family outcome data for program improvement.
- (E) Critical features of the implementation components needed to support the use, scaling up, and sustainability of effective services and evidence-based interventions in early childhood programs at the State and local program levels.
- (i) Maintain a Web site that meets government or industry-recognized standards for accessibility and that links to the Web site operated by the Technical Assistance Coordination Center (TACC).
 - (ii) In consultation with the OSEP Project Officer, make selected reports, documents, and other materials available in both English and Spanish.
 - (2) Targeted TA to States and other relevant stakeholders to improve their capacity to implement high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs and to support the use of effective services and evidence-based interventions in early childhood programs at the local level. At a minimum, the Center must conduct the following activities:
 - (i) Assist States in preparing for IDEA Part C early intervention and Part B preschool monitoring and accountability activities related to serving infants, toddlers, and preschool children with disabilities and their families and implementing the State's corrective action plan and improvement activities as appropriate.
 - (ii) Assist States in meeting IDEA Part C early intervention and Part B preschool program indicator targets in their SPPs when reporting data on their APRs, including child and family outcome data for program improvement; and meeting new

requirements in the IDEA Part C regulations issued on September 28, 2011 (76 FR 60140).

- (iii) Plan and implement activities, which could include webinars, meetings, video conferences, and Web sites to support States in the continued development and refinement of a child and family outcomes measurement system, including using data for IDEA Part C early intervention and Part B preschool program improvement.
 - (iv) Assist States in their efforts to better coordinate their early childhood programs to ensure that infants, toddlers, and preschool children with disabilities and their families receive high-quality services and to scale up and sustain effective implementation components in early childhood programs.
 - (v) Provide a forum for researchers, professional development providers, early childhood personnel, IHE faculty, and other relevant stakeholders to collaborate through learning communities, communities of practice, or other mechanisms to discuss recommended practices related to high-quality early childhood systems, effective services, and evidenced-based interventions in early childhood programs and methods to support their use.
- (3) Intensive TA to States to improve their capacity to implement high-quality, effective, and efficient early childhood programs that serve infants, toddlers, and preschool children with disabilities and their families and scale up and sustain effective implementation components to support the use of effective services and evidence-based interventions in early childhood programs at the local level. At a minimum, the Center must conduct the following activities:
- (i) Provide TA to States on implementing the framework for high-quality, effective, and efficient IDEA Part C early intervention and Part B preschool programs developed under paragraph (a) in the Knowledge Development Activities section of this priority in the first and second years of the project period.
 - (ii) In years two through five of the project period, provide TA to States on implementing a high-quality child and family outcomes measurement system that takes into account the following components: purpose of the outcomes measurement system, data collection and transmission, data analysis, reporting, using data, evaluation, and cross-system coordination. In carrying out this activity, the Center must collaborate with the Early Childhood Data Center, if funded by OSEP, to prevent duplication of effort.
 - (iii) Select a minimum of four States to build their capacity to scale up and sustain effective implementation components to support the use of effective services and evidence-based interventions at the local early childhood program level. The Center must develop a plan and criteria for selecting the States with which they will work. Factors for selecting States for consideration could include the State's early childhood priorities and initiatives; the commitment of the State's multiple early

childhood programs to participate in the TA to support the developmental and learning outcomes of infants, toddlers, and preschool children with disabilities and their families; the commitment of the State's IHEs, including community colleges, to prepare preservice personnel on the use of the evidence-based interventions that may be scaled up within the State; the commitment of the early intervention and community-based early childhood programs in high-need communities and high-need local educational agencies (LEAs)⁶ to participate in the TA; and the demographic and geographic characteristics of each State, including the percentage of young children who are high-need children with disabilities.⁷ The Center must obtain approval from OSEP on the final selection of States. At a minimum, the Center must conduct the following activities with the selected States:

- (A) Assist the selected States in identifying effective services and evidence-based interventions for infants, toddlers, and preschool children with disabilities and their families that the States will implement and scale up. Based on the interventions and services identified, the Center must support the implementation and scale up of the interventions and services through direct TA or by contracting with experts in the field.
- (B) Assist each selected State to identify and establish a minimum of six implementation sites in early childhood programs at the local level to identify, document, and describe implementation components and their effectiveness. The Center must develop criteria for selecting the implementation sites. These criteria must be designed to ensure that the sites serve children from diverse backgrounds in a variety of settings, including early intervention and community-based early childhood programs in high-need LEAs.
- (C) Assist each selected State in developing, implementing, and evaluating a plan to scale up and sustain effective implementation components to support the use of effective services and evidence-based interventions across local early childhood programs within each State, including early intervention and community-based early childhood programs in high-need LEAs.
- (b) Establish a national TA network of a cadre of experts on implementation that will support the Center to provide TA to States and local early childhood programs to strengthen their capacity to scale up and sustain effective implementation components.

⁶ For the purposes of this priority, the term "high-need local educational agency" means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

⁷ For the purposes of this priority, "high-need children with disabilities" refers to children (ages birth through 5) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are homeless, (3) are in foster care, (4) are English learners, (5) are new immigrants, or (6) are migrant.

Leadership and Coordination Activities.

- (a) Communicate and collaborate, on an ongoing basis, with OSEP-funded TA projects, including the TACC, the Regional Resource Centers Program, and early childhood-focused centers funded by the Departments of Education and Health and Human Services (HHS), as appropriate. This collaboration could include the joint development of products, the coordination of TA services, and the planning and carrying out of TA meetings and events.
- (b) Lead the Early Childhood Technical Assistance Consortium (ECTA).⁸ The following Web site provides more information on ECTA: www.ectaconsortium.org/.
- (c) Work with other Federal and State TA efforts to ensure that IDEA Part C early intervention and Part B preschool programs are considered in the development of coordinated early learning and development systems for children ages birth through five and their families.

These efforts must include—

- (1) In States with RTT-ELC grants, supporting the involvement of IDEA Part C early intervention and Part B preschool programs in planning and implementing RTT-ELC grant activities; and
- (2) Supporting the participation of IDEA Part C early intervention and Part B, Section 619 Coordinators on State Advisory Councils on Early Childhood Education and Care.
- (d) Work with other Federal and State TA efforts to strengthen linkages between IDEA Part C early intervention and Part B preschool programs and birth through 3rd grade initiatives.
- (e) Consult with a group of persons, including representatives from State and local IDEA Part C early intervention and Part B preschool programs; State level administrators from other early child systems (e.g., State Child Care Administrators and Head Start Collaboration Directors); early childhood personnel; parents of infants, toddlers, or preschool children with disabilities; representatives from other OSEP-funded TA projects; representatives from HHS-funded TA projects; faculty in personnel preparation; and researchers, as appropriate, on the activities and outcomes of the Center and solicit programmatic support and advice from various participants in the group, as appropriate. The Center may convene meetings, whether in person, by phone or other means, for this purpose, or may consult with

⁸ The ECTA Consortium includes national projects that are funded by the Departments of Education and Health and Human Services that provide TA in support of States' efforts in building coordinated early learning and development systems. The purpose of the consortium is to: coordinate early childhood TA efforts that support States in building and sustaining their systems for early learning and development; share knowledge and resources for improving the delivery and impact of TA; identify strategies for working collaboratively; enhance each other's TA efforts; and explore options to leverage resources to benefit respective constituencies.

group participants individually. The Center must identify the members of the group to OSEP within eight weeks after receipt of the award.

- (f) Prior to developing any new product, submit a proposal for the product to the TACC database for approval from the OSEP Project Officer. The development of new products must be consistent with the product definition and guidelines posted on the TACC Web site (www.tadnet.org).
- (g) Contribute, on an ongoing basis, updated information on the Center's approved and finalized products and services to a database at TACC.
- (h) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a) and in addition—

- (a) The recommendation of a review team consisting of experts selected by the Secretary. This review team will be conducted during a one-day intensive meeting in Washington, DC, during the last half of the project's second year. The Center must budget for travel expenses associated with this one-day intensive review.
- (b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and
- (c) The quality, relevance, and usefulness of the Center's activities and the degree to which the Center's activities have contributed to changed practices in State systems and improved developmental and learning outcomes for infants, toddlers and preschool children with disabilities and their families.

Program Authority:

20 U.S.C. 1463 and 1481.

Performance Measures:

Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program. These measures focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice.

Grantees will be required to report information on their project's performance in annual reports to the Department (34 CFR 75.590).

Applications Available:

June 19, 2012.

Deadline for Transmittal of Applications:

July 19, 2012.

Estimated Available Funds:

\$3,700,000 for the competition announced in this notice for year one. In year two through five we intend to use an estimated \$4,500,000 for the competition.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2013 from the list of unfunded applicants from this competition.

Maximum Award:

We will reject any application that proposes a budget exceeding \$3,700,000 for a single budget period of 12 months in year one and \$4,500,000 for a single budget period of 12

months in years two through five. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

Estimated Number of Awards: 1.

Note: The Department is not bound by any estimates in this notice.

Project Period:

Up to 36 months with an optional additional 24 months based on performance. Applications must include plans for both the 36 month award and the 24 month extension.

Page Limits:

The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to the equivalent of no more than 70 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III).

We will reject your application if you exceed the page limit or if you apply other standards and exceed the equivalent of the page limit.

General Requirements:

- (a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

- (b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

Applicable Regulations:

- (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

Eligible Applicants:

State educational agencies; LEAs, including public charter schools that are considered LEAs under State law; IDEA Part C State lead agencies; the State lead agency designated under RTT-ELC; IHEs; other public agencies; private nonprofit organizations; outlying areas; freely associated States; Indian tribes or tribal organizations; and for-profit organizations.

Intergovernmental Review:

The program in this notice is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

SELECTION CRITERIA AND FORMAT FOR THE EARLY CHILDHOOD TECHNICAL ASSISTANCE CENTER (CFDA 84.326P) COMPETITION

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Early Childhood Technical Assistance Center (CFDA 84.326P)** competition are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points.

An **abstract**, not to exceed one page, should precede the application narrative of all applications. In addition to any requirements for the abstract in the priority, it would be helpful if it included the following: Purpose of the project; disability addressed by the project; age group (e.g., 0-3, preschool, elementary school, middle school, high school, secondary transition, and postsecondary); geography (e.g., rural, suburban, urban); severity (e.g., mild, moderate, and severe); proposed products; proposed outcomes; names/affiliations of key collaborators. It would be helpful if the abstract includes:

- (a) the title of the program,
- (b) the name of the Absolute Priority, and
- (c) the CFDA Number (e.g., 84.326P).

For Technology and Technical Assistance and Dissemination applications, the abstract should include

- (a) design, and
- (b) project evaluation, including measures.

The application narrative should include the following sections in this order:

(a) Significance **(10) points**

- (1) The Secretary considers the significance of the proposed project.
- (2) In determining the significance of the proposed project, the Secretary considers the following factors:
 - (i) The potential contribution of the proposed project to increased knowledge or understanding of educational problems, issues, or effective strategies;
 - (ii) The likelihood that the proposed project will result in system change or improvement;
 - (iii) The extent to which the proposed project is likely to build local capacity to provide, improve, or expand services that address the needs of the target population;
 - (iv) The likely utility of the products (such as information, materials, processes, or techniques) that will result from the proposed project, including the potential for their being used effectively in a variety of other settings; and
 - (v) The importance or magnitude of the results or outcomes likely to be attained by the proposed project.

(b) Quality of project services **(25) points**

- (1) The Secretary considers the quality of the services to be provided by the proposed project.
- (2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- (3) In addition, the Secretary considers the following factors:
 - (i) The extent to which the services to be provided by the proposed project are appropriate to the needs of the intended recipients or beneficiaries of those services;
 - (ii) The extent to which entities that are to be served by the proposed technical assistance project demonstrate support for the project;
 - (iii) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

- (iv) The likely impact of the services to be provided by the proposed project on the intended recipients of those services;
- (v) The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services; and
- (vi) The extent to which the technical assistance services to be provided by the proposed project involve the use of efficient strategies, including the use of technology, as appropriate, and the leveraging of non-project resources.

(c) Quality of project personnel (20) points

- (1) The Secretary considers the quality of the personnel who will carry out the proposed project.
- (2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- (3) In addition, the Secretary considers the following factors:
 - (i) The qualifications, including relevant training and experience, of key project personnel; and
 - (ii) The qualifications, including relevant training and experience, of project consultants or subcontractors.

(d) Adequacy of resources (10) points

- (1) The Secretary considers the adequacy of resources for the proposed project.
- (2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:
 - (i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization;
 - (ii) The extent to which the budget is adequate to support the proposed project; and
 - (iii) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

(e) Quality of the management plan (15) points

- (1) The Secretary considers the quality of the management plan for the proposed project.
- (2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:
 - (i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks;
 - (ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project;
 - (iii) The adequacy of mechanisms for ensuring high-quality products and services from the proposed project;
 - (iv) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project; and
 - (v) How the applicant will ensure that a diversity of perspectives are brought to bear in the operation of the proposed project, including those of parents, teachers, the business community, a variety of disciplinary and professional fields, recipients or beneficiaries of services, or others, as appropriate.

(f) Quality of project evaluation (20) points

- (1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.
- (2) In determining the quality of the evaluation, the Secretary considers the following factors:
 - (i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.
 - (ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes
 - (iii) The extent to which the methods of evaluation will provide timely guidance for quality assurance.
 - (iv) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

- (v) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies.
- (vi) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

D.
GENERAL INFORMATION ON
COMPLETING AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs staff have assembled the following most commonly raised issues. In general, this information applies to the grant competitions covered by this application package.

Extension of Deadlines

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the *Federal Register*.

Copies of the Application

Current Government-wide policy is that only an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This would mean an original and two copies need to be submitted and we would appreciate your voluntarily submitting an additional three copies (six applications in all). Copies of the application may be bound, but it is not necessary or required. If bound, one copy should be left unbound to facilitate electronic scanning and any necessary reproduction. Applicants should not use colored paper, foldouts, photographs, or other materials that are hard to duplicate.

Please Note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request a copy of the application on a diskette or CD. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

Making Applications More Accessible to Reviewers Who Are Blind or Have Low Vision

The Department will accept one copy of the application in an accessible format (i.e., IBM PC compatible WordPerfect or ASCII code diskette) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into Braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

Missed Deadlines and Submission Under Other Competitions

Should an application miss the deadline for a particular competition, it may be submitted to another competition. However, if an application is properly prepared to meet the specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

Submission to More Than One Program

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very

helpful if each program is notified that an identical or similar application is being submitted to another program.

Help Preparing Applications

We are happy to provide general program information. Clearly it would **not** be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.

Notification of Funding

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time. The requested start date can be no later than January 1 of the year following the competition's fiscal year (FY). For example, FY 2011 applications may request a start date no later than January 1, 2012.

Possibility of Learning the Outcome of Review Panels Prior to Official Notification

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. Regardless of the reason, we cannot share information about the review with **anyone** until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).

Format for Applications

The application narrative (Part III of the application form) should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competitions covered by this packet are listed following the specific competition information in section "C" of this packet.) A table of contents, list of priority requirements, and an abstract (see page C-14) should precede the application narrative. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

To aid in screening and reviewing the application, applicants should list in Part II and prior to the abstract, all general, special, and other requirements for the priority and corresponding page number (s) where requirements are addressed within the application. Page limits do not apply to this list. (All requirements are found in each priority description included in this application package.) The format included below is an example of how you might provide this information in your application.

PAGE #	REQUIREMENTS
_____	(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities. (See Section 606 of IDEA)
_____	(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects. (See Section 682(a)(1)(A) of IDEA)
_____	(c) Applicant must describe steps to ensure equitable access to, and participation in, its program for students, teachers, and other program beneficiaries with special needs. (See Section 427, GEPA)
_____	(d) Projects funded under these priorities must budget for a three-day Project's Directors' meeting in Washington, D.C. during each year of the project.

Page Limits

Please note that all applications submitted under the competition in this application package must adhere to the Part III—Application Narrative page limit requirements that are specified under each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make knowledgeable judgments about the methods you propose to use (design, subjects, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

1. **Staff Vitae:** They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae for consultants and Advisory Council members should be similarly brief.
2. **Instruments:** Except in the case of generally available and well known instruments.
3. **Agreements:** When the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when subjects will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limits.

Making Sure Application is Assigned to the Correct Competition

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the CFDA number of the program priority (e.g., 84.326P, etc.) representing the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

Return of Non-Funded Applications

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

Proposed Staff Availability to Project

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project federal award number, and the amount of committed time by each project year. This information (e.g., Staff: Jane Doe; Project Name: Succeeding in the General Curriculum; Federal office: Office of Special Education Programs; Program title: Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities; Award number: H326A030002; Time commitments: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

Use of Person Loading Charts

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity, as shown in the following example.

TABLE: PERSON LOADING CHART—TIME IN DAY(S) BY PERSON*

Activity	Time in Day(s) by Person			
	Person A	Person B	Person C	Person D
Library Research	0	0	0	0
Hire Staff	0	0	0	0
Prepare Materials	0	0	0	0
Train Raters	0	2	0	0
Data Collection	0	0	0	0
Data Analysis	0	0	0	0
Dissemination (manuscripts, etc.)	0	0	0	0

*Note: All figures represent FTE for the grant year.

Delivering/Sending Applications to the Competition Manager

Applications can be mailed or hand delivered, or submitted electronically but in either case must go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

Allowed Travel Under These Projects

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination, when there will be results to be disseminated, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

Funding of Approved Applications

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, one or two applications that are approved and fall next in rank order (after those projects selected for funding) are placed on hold. If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

Indirect Cost Rate

There is no maximum indirect cost for the competitions in this application package. An organization's current effective indirect cost rate is the rate that should be reflected in your proposed budget. The Department of Education (ED) reimburses grantees for its portion of indirect costs that a grantee incurs in projects funded by the Early Childhood Technical Assistance Center (CFDA 84.326P) competition. Any grantee charging indirect costs to a grant from this program must use the indirect cost rate (ICR), negotiated with its *cognizant agency*, i.e., either the Federal agency from which it has received the most direct funding, subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

Note: Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR they are using in their budget.

If an applicant selected for funding under this program has not already established a current ICR with its cognizant agency as a result of current or previous funding, ED will require it to do so within 90 days after the date the grant was issued by ED. Applicants should be aware that ED is very often *not* the cognizant agency for its own grantees. Rather, ED accepts, for the purpose of funding its awards, the current ICR established by the appropriate cognizant agency.

An applicant that has not previously established an indirect cost rate with the Federal government or a State agency under a Federal program and that is selected for funding will not be allowed to charge its grant for indirect costs until it has negotiated a current indirect cost rate agreement with its cognizant agency.

Applicants are encouraged to use their accountant (or CPA) to calculate an indirect cost rate using information in the IRS Form 990, audited financial statements, actual cost data or a cost

policy statement that such applicants are urged to prepare (but NOT submit to ED) during the application process.

Applicants should use this proposed rate in their application materials and indicate which of the above methods was used to calculate the rate. Guidance for creating a cost policy statement can be obtained by sending an E-mail to:

katrina.mcdonald@ed.gov

Applicants with questions about using indirect cost rates under this program should contact the program contact person shown elsewhere in this application package.

Issues Raised During Discussions Prior to Award

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as "conditions". These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been explained in enough detail to make it understood by reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

Treating a Priority as Two Separate Competitions.

In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, The Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

Successful Applications and Estimated/Projected Budget Amounts in Subsequent Years

There is a maximum award amount specified for the priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding

the maximum amount for any single budget period of 12 months for the priorities included in this package. Please refer to the priority description to determine the maximum award for any one particular competition. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

Requirement to Report the Results of Grant Activities

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the *Individuals with Disabilities Education Act* to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as The Department may determine appropriate. (20 U.S.C. 1482)

Difference Between a Cooperative Agreement and a Grant

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of the contemplated activity.

Difference Between an Absolute Priority, an Invitational Priority, and a Competitive Priority

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority will not receive any competitive preference over other applications.

A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways:

1. an application may be awarded additional points depending on how effectively it addresses the competitive priority; or
2. an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the *Federal Register* announcement.

Obtaining Copies of the Federal Register, Program Regulations and Federal Statutes

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS:

Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. Some programs may require electronic submission of applications, and those programs will have specific requirements and waiver instructions in the Federal Register notice.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

Applications Submitted Electronically

You must submit your grant application through the Internet using the software provided on the Grants.gov Web site (www.grants.gov) by 4:30:00 p.m. (Washington, D.C. time) on the application deadline date.

If you submit your application through the Internet via the e-Grants Web site, you will receive an automatic acknowledgment when we receive your application.

For more information on using Grants.gov, please refer to the Notice Inviting Applications that was published in the Federal Register, the Submission Procedures and Tips document found in the application package instructions, and visit www.grants.gov.

Applications Sent by Mail (Through the U.S. Postal Service or Commercial Carrier)

You must mail the original and two copies of the application on or before the deadline date. To help expedite our review of your application, we would appreciate you voluntarily including an additional 3 copies of your application.

Please mail copies to:

You must show one of the following as proof of mailing:

- (1) A legibly dated U. S. Postal Service Postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U. S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary.

If you mail an application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Services.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with the local post office.

Applications Delivered by Commercial Carrier

Special Note: Due to recent disruptions to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; or U. S. Postal Service Express Mail) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Sent by Mail,” then follow the mailing instructions under the appropriate delivery method.

Applications Delivered by Commercial Carrier

All express mail carriers (including UPS, FED-E, DSL, etc.) must deliver packages to the LBJ mailroom.

F. APPENDIX

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state's process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each of those states under the Executive order. A listing containing the Single Point of Contact for each state is included in this appendix.

In states that have not established a process or chosen a program for review, state, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from state, areawide, regional and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address:

The Secretary
EO 12372—CFDA 84.326P [commenter must insert number—including suffix
letter, if any]
U.S. Department of Education, Room 7W301
400 Maryland Avenue, SW.
Washington, DC 20202

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, D.C. time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2009 the Federal Government will outlay \$500 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below by clicking on the State name.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a State that does not have a SPOC, you may send application materials directly to a Federal awarding agency.

Contact information for Federal agencies that award grants can be found in [Appendix IV of the Catalog of Federal Domestic Assistance](#).

G.
NOTICE TO ALL APPLICANTS
ENSURING EQUITABLE ACCESS AND
APPLICATION FORMS AND INSTRUCTIONS

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the *Improving America's Schools Act of 1994* (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **All applicants for new awards must include information in their applications to address this new provision in order to receive funding under this program.**

(If this program is a state-formula grant program, a state needs to provide this description only for projects or activities that it carries out with funds reserved for state-level uses. In addition, local school districts or other eligible applicants that apply to the state for funding need to provide this description in their applications to the state for funding. The state would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local

circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the federally-funded project or activity.

The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to

conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

OMB Control No. 1894-0005 (Exp. 03/31/2014)

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

APPLICATION FORMS AND INSTRUCTIONS FOR GRANTS.GOV APPLICATIONS

The electronic application on Grants.gov consists of multiple mandatory forms that must be completed as well as narrative attachment forms that should be used to upload any file attachments. While there are no file size restrictions, we strongly discourage submission of very large documents. Follow the guidance provided on Grants.gov as well as the Submission Tips document located in this application instruction document for specific information on file sizes, file naming requirements, etc. NOTE: As stated in the application notice, the Department only accepts PDF files.

Listed below are all forms that must be completed and instructions on where to upload narratives for the application.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. Project Director.

Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant.

Check **“Yes”** or **“No”** only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank**.

Check **“Yes”** if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check **“No”** if you do not meet the requirements for novice applicants.

3. Human Subjects Research.

(See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.”)

If Not Human Subjects Research.

Check **“No”** if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research.

Check **“Yes”** if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check **“Yes”** even if the research is exempt from the regulations for the protection of human subjects. (See

I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations.

Check **“Yes”** if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information Form SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations.

Check **“No”** if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information Form SF 424

3a. Human Subjects Assurance Number.

If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter **“None.”** In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the

assurance within 30 days after the specific formal request.

**Note about
Institutional Review Board Approval.**

ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

PAPERWORK BURDEN STATEMENT

According to the *Paperwork Reduction Act of 1995*, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to:

DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

(Attachment to Instructions for Supplemental Information for SF 424)

Definitions

Novice Applicant (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Protection of Human Subjects in Research

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research

activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the*

investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if***
- children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed

that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:**

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including

their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:**

Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:**

Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:**

Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:**

Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and

assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:**

Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):**

If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the

sites and briefly describe their involvement or role in the research.

ED 524

INSTRUCTIONS FOR ED FORM 524

GENERAL INSTRUCTIONS

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY—U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

- (1) Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government.
- (2) If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement.
- (3) If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

SECTION B: BUDGET SUMMARY—NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED's general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB's website at:

www.whitehouse.gov/omb/circulars

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at:

www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact 202-377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

PAPERWORK BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0004**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the

reporting entity identified in item 4 to influence the covered Federal action.

Last Name, First Name, and Middle Initial (MI).

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter

11. The certifying official shall sign and date the form, print his/her name, title and telephone number.

SURVEY ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

PURPOSE

The Federal government is committed to ensuring that all qualified applicants, small or large, non-religious or faith-based, have an equal opportunity to compete for Federal funding. In order for us to better understand the population of applicants for Federal funds, we are asking nonprofit private organizations (not including private universities) to fill out this survey.

Upon receipt, the survey will be separated from the application. Information provided on the survey will not be considered in any way in making funding decisions and will not be included in the Federal grants database. While your help in this data collection process is greatly appreciated, completion of this survey is voluntary.

INSTRUCTIONS FOR SUBMITTING THE SURVEY

If you are applying using a hard copy application, please place the completed survey in an envelope labeled "Applicant Survey." Seal the envelope and include it along with your application package. If you are applying electronically, please submit this survey along with your application.

DUNS NUMBER INSTRUCTIONS

D-U-N-S No.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

www.dnb.com

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.
