SECTION A
DEAR APPLICANT LETTER

REHABILITATION SERVICES ADMINISTRATION (RSA)

Dear Applicant:

The Secretary invites applications under the American Indian Vocational Rehabilitation Services-- Training and Technical Assistance Program (CFDA 84.250Z). There is one absolute priority under this program. This priority supports a five-year cooperative agreement to establish an American Indian Vocational Rehabilitation Services (AIVRS) Training and Technical Assistance Center (Center) to provide three different types of training and technical assistance (TA) for AIVRS projects: (1) intensive, sustained training and TA; (2) targeted, specialized training and TA; and (3) universal, general training and TA. Definitions for each of these terms are located in the priority section of the Notice Inviting Application (NIA) and are contained in the Application Package.

The purpose of this letter is to highlight several important components as you prepare your application. This letter should not be used as a substitute for a thorough review of the Notice Inviting Applications (NIA), which published in the Federal Register on **July 22, 2015**, and detailed information and instructions contained in this Application Package.

First, the Department will award this grant as a cooperative agreement as authorized by 34 CFR 75.200 (b) (4). It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education), and the recipient during the grant period of performance. Upon award, RSA and the grant recipient will work together to develop this agreement. **We anticipate the grant recipient will submit an implementation plan to RSA no later than December 31, 2015 and a cooperative agreement will be finalized no later than March 31, 2016.** When preparing the budget and budget narrative, please ensure that there are funds available for key program and fiscal staff to travel to Washington, D.C. for a one and a half to two-day meeting in October or early November of 2015. During this meeting, RSA and the grant recipient will discuss and agree upon specific activities that may begin, as well as activities that may require additional input and feedback from RSA prior to implementation.

Second, RSA will conduct one Pre-Application Webinar on Thursday, July 30 from 2:00 PM to 3:30 PM Eastern Time. The purpose is to review the absolute priority, application requirements, and selection criteria and answer questions. We strongly encourage you to review the Notice Inviting Application and Application Package prior to the presentation. To register for the Webinar please go to the following Web link: <https://neweditions.adobeconnect.com/e75eitlgmib/event/registration.html>

Third, the following are highlights of important requirements that must be adhered to in order to avoid disqualification of your application. Please be sure your application addresses each specification appropriately.

- **Continuing the Fourth and Fifth Years of the Project:** In deciding whether to continue funding the Center for the fourth and fifth years, the Department, as part of the review of the cooperative agreement, the application narrative, and the annual performance reports will consider the degree to which the Center demonstrates substantial progress in providing intensive, sustained training and TA to AIVRS projects; targeted, specialized training and TA to AIVRS projects; and universal, general training and TA to AIVRS projects, and the extent to which the training and TA provided has had an impact on the ability of AIVRS projects to implement appropriate practices in the seven areas outlined in the priority.

- When preparing the budget and budget narrative, please ensure that there are funds available for key program and fiscal staff to travel to Washington, D.C. in the spring of 2017 for a one and a half day meeting.
- The maximum funding level contained in the NIA, part II Award Information (see Section D of this Application Package) is strictly enforced.
- When preparing the budget and budget narrative, please note **the priority requires two-full key project personnel designated to the Center for the entire duration of the project**. We encourage at least one year of experience operating AIVRS projects.
- Application and Submission Information (See NIA, part IV. Application and Submission Information, which can be found in Section D of this Application Package):
 - Part III of the application narrative is where you, the applicant, address the selection criteria used by reviewers in evaluating the application. Because of the limited time available to review applications and make a recommendation for funding, we strongly encourage applicants to limit the application narrative to no more than 45 pages. The page standards for the narrative are as follows:
 - (1) A “page” is 8.5” x 11” on one-side only with 1” margins at the top, bottom, and both sides.
 - (2) You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
 - (3) Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
 - (4) Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.
 - In addition to the page-limit guidance on the application narrative section, we recommend that you adhere to the following page limits, using the standards listed above: (1) the abstract should be no more than one page (**please refer to Section F of this Application Package for specific detail that must be included in the Abstract**), (2) the resumes of key personnel should be no more than two pages per person, and (3) the bibliography should be no more than three pages.
 - A **personnel loading chart** and a **draft training module** (referenced in the priority) under “Application Requirements” are required documents in the application. There are no page limits or standards that apply to these attachments.
 - The personnel loading chart must include, detail project activities through the entire project period, key personnel and any consultants or subcontractors that will be allocated to each activity, and the designated level of effort for each of those activities.

- The draft training module must include, at a minimum, the goals and objectives of this training module; a specific list of what participants should know and be able to do as a result of successfully completing the module up-to-date resources, publications, applicable laws and regulations, and other materials that may be used to develop the module; and exercises that will provide an opportunity for application of the subject matter.
- The only optional materials that will be accepted are letters of support. Please note that our reviewers are not required to read optional materials.
- Please note that any funded applicant's application abstract will be made available to the public.

Fourth, applicants should become familiar with the selection criteria contained in the **Applicant Requirements** section of the priority and in Section E of this Application Package. These criteria will be used by peer reviewers to evaluate all applications. Your application should respond to each identified criterion, since failure to do so will put your application at a significant disadvantage. Your narrative should clearly identify and address each of the selection criteria in the order they appear in the application package.

Fifth, reviewers of applications report that a narrative written in a format that follows the Selection Criteria greatly facilitates the review process. Such a format would appear and be titled as follows: (1) Significance of the Project; (2) Quality of the Project Design; (3) Quality of Project Personnel; (4) Quality of the Management Plan; and (5) Quality of the Project Evaluation.

The following sections cover Education Department General Administrative Regulations (EDGAR), Application Procedures, and submission of your application to Grants.Gov.

EDGAR

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 81, 82, 84, and 86. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

APPLICATION PROCEDURES

Applicants for multi-year projects are required to provide detailed budget information for each of the five project years. Any application that exceeds in any way the maximum allowed amount for any year will be disqualified. The Department will determine at the time of the initial award, the funding levels for each year of the grant award. RSA requires annual performance reports, and uses

those reports to determine progress and to make a decision as to whether or not to continue funding the project. These reports must be submitted to the designated RSA project officer.

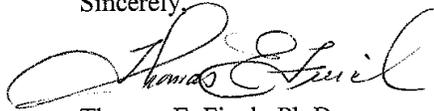

GRANTS.GOV APPLICATION SUBMISSION

Applications for grants under this competition must be submitted electronically using Grants.gov. Please read carefully the document that is included in Section I of this application package, which includes helpful tips about submitting electronically using the Grants.gov site. When using the electronic grants process, it is imperative that you do not wait until the last minute to submit your grant. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically or by mail or hand delivery (if you qualify for an exception to the electronic submission requirement as described in the Federal Register notice for this program) can also be found in Section I of this application package, Application Transmittal Instructions.

Applicants may contact Dr. Thomas E. Finch, Director of the Training and Service Programs Division at (202) 245-7343 or Tom.Finch@ed.gov to discuss any matters relating to this competition.

Your concern for providing training and technical assistance for AIVRS projects that provide services to American Indians with disabilities is appreciated.

Sincerely,

DEFINITION OF TERMS REFERRED TO IN THE NIA

Technical Assistance: Referred to as “TA”.

American Indian Vocational Rehabilitation Services (AIVRS) Training and Technical Assistance Center: Referred to as the “Center”

For the purposes of this priority, “**intensive, sustained training and technical assistance**” means:

- TA services often provided on-site and requiring a stable, ongoing relationship between the AIVRS--Training and Technical Assistance program staff and the training and TA recipient.
- “Technical assistance services” are defined as negotiated series of activities designed to reach a valued outcome.
- This category of training and TA should result in changes to policy, program, practice, or operations that support increased recipient capacity of improved outcomes at one or more systems levels.

For the purposes of this priority, “**targeted, specialized training and technical assistance**” means:

- TA based on needs common to multiple recipients and not extensively individualized. A relationship is established between the training and TA recipient and one or more training and TA center staff.
- This category of training and TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national conferences. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients.
- Facilitating communities of practice can also be considered targeted, specialized training and TA.

For the purposes of this priority, “**universal, general training and technical assistance**” means:

- Training and TA and information provided to independent users through their own initiative, resulting in minimal interaction with training and TA center staff and including one-time, invited or offered conference presentations by training and TA center staff.
- This category of training and TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the training and TA center’s Web site by independent users.
- Brief communications by training and TA center staff with recipients, either by telephone or email, are also considered universal, general training and TA.

Communities of Practice: A community of practice (CoP) is a group of people who work together to solve a persistent problem or to improve practice in an area that is important to them and who deepen their knowledge and expertise by interacting on an ongoing basis. CoPs exist in many forms, some large in scale that deal with complex problems, others small in scale that focus on a problem at a very specific level. For more information on communities of practice, see: www.tadnet.org/pages/510.

Logic Model: A road map to describe the sequence of related events connecting the activities of the program with the desired results. It shows logical relationships among the resources that are invested, the activities that take place, and the benefits or changes that result. For purposes of this priority, a “logic model” is as defined in 34 CFR 77.1(c). The following Web sites provide more information on logic models:

www.researchutilization.org/matrix/logicmodel_resource3c.html and www.tadnet.org/pages/589.

Personnel loading chart must include, detail project activities through the entire project period, key personnel and any consultants or subcontractors that will be allocated to each activity, and the designated level of effort for each of those activities.

Draft training module must include, at a minimum, the goals and objectives of this training module; a specific list of what participants should know and be able to do as a result of successfully completing the module up-to-date resources, publications, applicable laws and regulations, and other materials that may be used to develop the module; and exercises that will provide an opportunity for application of the subject matter.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to
provide training and technical assistance (TA) to governing
bodies of Indian tribes that have received an American
Indian Vocational Rehabilitation Services (AIVRS) grant

under section 121(a) of the Rehabilitation Act of 1973, as amended (the Act). Under section 121(c)(3) of the Act, the Commissioner of the Rehabilitation Services Administration (RSA) makes grants to, or enters into contracts or other cooperative agreements with, entities that have experience in the operation of AIVRS programs to provide such training and TA on developing, conducting, administering, and evaluating these programs.

Priority: We are establishing this priority for the FY 2015 grant competition only in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1).

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

Background:

The Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113-128), enacted in July of 2014, made significant changes to the Act, including adding provisions to the AIVRS program that require the reservation of funds to support training and TA. In particular, the new section 121(c) of the Act requires the Commissioner of RSA to reserve not less than 1.8 percent and not more than 2 percent of the funds set aside from the State vocational

rehabilitation (VR) program (section 110(d) of the Act) for the AIVRS program to provide training and TA to governing bodies of Indian tribes that have received AIVRS grants under section 121(a) of the Act.

Under section 121(a) the Department currently supports 83 projects that provide VR services to American Indians with disabilities, consistent with each individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that they may prepare for, and engage in, high-quality competitive integrated employment that will increase opportunities for economic self-sufficiency.

To help determine funding priorities, section 121(c)(3) of the Act requires RSA to survey the governing bodies of Indian tribes operating AIVRS projects to identify their training and TA needs. RSA's survey of the AIVRS grantees conducted in January 2015 resulted in a 50 percent response rate and indicated training and TA needs in five primary areas: (1) knowledge of applicable laws and regulations governing the AIVRS program; (2) staff development and service provision (e.g., best practices for serving individuals with physical and mental disabilities, case management and case record documentation, eligibility determinations, and developing individualized plans for

employment); (3) financial management (e.g., budget management and compliance with applicable Federal grant administrative regulations and cost principles); (4) data collection, reporting, and performance measures; and (5) assistive technology (AT) (e.g., knowledge of what AT is, evaluating the need for AT, use of AT, access to AT). Beginning in FY 2016, this survey will be conducted each year as part of the AIVRS grantees' annual reporting to the Department. We will consider the results of the survey in determining specific training and TA topics to be included each year in the training and TA cooperative agreement.

The priority is:

American Indian Vocational Rehabilitation Services--
Training and Technical Assistance Program.

This priority supports a five-year cooperative agreement to establish an American Indian Vocational Rehabilitation Services (AIVRS) Training and Technical Assistance Center (Center) to provide three different types of training and technical assistance (TA) for AIVRS projects: (1) intensive, sustained training and TA;¹ (2)

¹ For the purposes of this priority, "intensive, sustained training and technical assistance" means TA services often provided on-site and requiring a stable, ongoing relationship between the AIVRS--Training and Technical Assistance program staff and the training and TA recipient. "Technical assistance services" are defined as negotiated series of activities designed to reach a valued outcome. This category of training and TA should result in changes to policy, program, practice, or operations that support increased recipient capacity of improved outcomes at one or more systems levels.

targeted, specialized training and TA;² and (3) universal, general training and TA.³ The Center will develop and provide these types of training and TA for AIVRS projects in the following priority areas:

(a) Applicable laws and regulations governing the AIVRS program;

(b) Promising practices for providing services to American Indians with disabilities;

(c) The delivery of services to American Indians with disabilities, including the determination of eligibility, case management, case record documentation, assessment, development of the individualized plan for employment, and placement into competitive integrated employment;

²For the purposes of this priority, "targeted, specialized training and technical assistance" means TA based on needs common to multiple recipients and not extensively individualized. A relationship is established between the training and TA recipient and one or more training and TA center staff. This category of training and TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national conferences. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients. Facilitating communities of practice can also be considered targeted, specialized training and TA.

³For the purposes of this priority, "universal, general training and technical assistance" means training and TA and information provided to independent users through their own initiative, resulting in minimal interaction with training and TA center staff and including one-time, invited or offered conference presentations by training and TA center staff. This category of training and TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the training and TA center's Web site by independent users. Brief communications by training and TA center staff with recipients, either by telephone or email, are also considered universal, general training and TA.

(d) Knowledge of assistive technology (AT), including what AT is, how to evaluate the need for AT, use of AT, and access to AT;

(e) Implementing professional development practices to ensure effective project coordination, administration, and management;

(f) Implementing appropriate financial and grant management practices to ensure compliance with OMB's Uniform Guidance (2 CFR 200) and the Education Department General Administrative Regulations (EDGAR); and

(g) Evaluating program performance, including data collection, data analysis, and reporting.

Specific topics for training and TA in each of these priority areas will be identified on an annual basis and in coordination with the Rehabilitation Services Administration (RSA).

Project Activities

To be considered for funding under this priority, the Center must, at a minimum, conduct the following activities in a culturally appropriate manner:

(a) Develop and provide intensive, sustained training and TA to a minimum of three AIVRS projects in the first year. For future years, the minimum number of AIVRS projects to receive intensive, sustained training and TA

will be negotiated through the Cooperative Agreement. The Center must--

(1) Develop and implement training and TA consistent with AIVRS project activities and tailored to the specific needs and challenges of the AIVRS project receiving the intensive training and TA;

(2) Provide training and TA under an agreement with each AIVRS project receiving intensive training and TA that, at a minimum, details the purpose of the training and TA, intended outcomes, and requirements for the subsequent evaluation of the training and TA; and

(3) Assess the results of the training and TA 90 days after its completion to ensure that the recipient is able to apply effectively the training and TA, identify any issues or challenges in its implementation, and provide additional training and TA, either virtually or on-site, as needed;

(b) Provide a range of targeted, specialized training and TA in the topic areas described in this priority based on needs common to multiple AIVRS projects. The Center must follow-up with recipients of targeted, specialized training and TA in order to determine the effectiveness of the training and TA;

(c) Provide universal, general training and TA in the topic areas in this priority;

(d) Provide a minimum of two Webinars or video conferences in each of the topic areas in this priority to describe and disseminate up-to-date information, guides, examples, and emerging and promising practices in each area; and

(e) Develop new information technology (IT) platforms and systems, or modify existing platforms and systems, as follows:

(i) Develop and maintain a state-of-the-art IT platform sufficient to support Webinars, teleconferences, video conferences, and other virtual methods of dissemination of information and TA;

(ii) Develop and maintain a state-of-the-art archiving and dissemination system that is open and available to all AIVRS projects and that provides a central location for training and TA products for later use, including course curricula, audiovisual materials, Webinars, examples of promising practices related to the topic areas in this priority, the primary areas identified through the annual surveys completed by AIVRS projects, other topics identified by RSA, and other relevant TA products;

Note: All products produced by the Center must meet government and industry-recognized standards for accessibility; and

(iii) Ensure that all products, resources, and materials developed by the Center are widely disseminated across the AIVRS projects and reflect the AIVRS population and diversity among its communities to the maximum extent possible;

(f) Establish a community of practice⁴ that will act as a vehicle for communication, an exchange of information among AIVRS projects, and a forum for sharing the results of training and TA projects that are in progress or have been completed;

(g) Conduct outreach to AIVRS projects so that they are aware of, and can participate in, training and TA activities; and

(h) Conduct an evaluation to determine the quality, relevance, and usefulness of the Center's training and TA, including the impact of the Center's activities on the ability of AIVRS grantees to manage effectively their projects and improve the delivery of VR services to American Indians with disabilities.

Application Requirements

⁴ For more information on communities of practice, see: www.tadnet.org/pages/510.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under the revised authority in section 121(c) of the Rehabilitation Act and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forego public comment on the priority under section 437(d)(1) of GEPA. This priority will apply to the FY 2015 grant competition only.

Program Authority: 29 U.S.C. 741.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 81, 82, 84, and 86. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485, and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. Because of the limited time available to review applications and make a recommendation for funding, we strongly encourage applicants to limit the application narrative to no more than 45 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

In addition to the page-limit guidance on the application narrative section, we recommend that you adhere to the following page limits, using the standards listed above: (1) the abstract should be no more than one page, (2) the resumes of key personnel should be no more than two pages per person, and (3) the bibliography should be no more than three pages. A personnel loading chart and a draft training model are required attachments in the application. There are no page limits or standards for these attachments. The only optional materials that will be accepted are letters of support. Please note that our reviewers are not required to read optional materials.

Please note that any funded applicant's application abstract will be made available to the public.

3. Submission Dates and Times:

Deadline for Transmittal of Applications: August 21, 2015.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. However, under 34 CFR 79.8(a), we waive intergovernmental review in order to make an award by the end of FY 2015.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To

do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain

that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the AIVRS--Training and Technical Assistance program, CFDA number 84.250Z, must be submitted electronically using the Governmentwide Grants.gov Apply

site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the AIVRS--Training and Technical Assistance program at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.250, not 84.250Z).

Please note the following:

- When you enter the [Grants.gov](http://www.Grants.gov) site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for

this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable

PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number.

(This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because

of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline

date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application

deadline date.

V. Application Review Information

1. SELECTION CRITERIA: The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. Review and Selection Process: We remind potential

applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of this grant is to provide training and TA to governing bodies of Indian tribes located on Federal and State reservations (and consortia of such governing bodies) that receive grants under section 121(a) of the Act.

Pursuant to GPRA, the Department is in the process of developing performance measures for this program to assess the success of the grantee in meeting the training and TA goals of this program. In general, these measures will

assess the quality, relevance, and usefulness of the training and TA provided by the Center, as well as the performance of the Center in achieving the project's intended outcomes with respect to the specific topics in each of the priority areas specified annually by RSA in the cooperative agreement. The grantee will be required to collect and annually report qualitative and quantitative data related to its performance on these measures in the Center's annual and final performance reports to the Department. The data used must be valid and verifiable.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or

activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Browser Support

Grants.gov is a Custom Java Application that uses standard web-browsers as the client. Grants.gov leverages the latest web technologies such as Ajax which relies extensively on JavaScript, HTML, and CSS. Grants.gov recommends you use the most up-to-date web browser possible for the best User Experience. If you are unsure about which version of the browser you are using, please check the following places:

- **Microsoft IE** – the *About Internet Explorer* setting under Help on your toolbar
- **Firefox** – the *About Firefox* setting under Help on your toolbar
- **Chrome**- the *About Google Chrome* setting under the *Customize and Control Google Chrome* option (located on the far right ) in your toolbar options for your browsers.

The table below lists supported Web Browsers:

Web Browser	Support	Comments
Microsoft IE 9/10/11	Supported	
Mozilla Firefox	Supported	Versions change frequently; we recommend you have the latest version. Legacy versions are functional but may experience some issues. It is recommended to upgrade to the latest version.
Google Chrome	Supported	Versions change frequently; we recommend you have the latest version. Legacy versions are functional but may experience some issues. It is recommended to upgrade to the latest version.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). (Please note that in early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on www.Grants.gov before completing and

submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR).)]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR - Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

<http://www.grants.gov/web/grants/applicants/grant-application-process/application-statuses.html>.

For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at

<http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>.

If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application.

You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/support/general-support/faqs.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection.

If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

MAC USERS

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

(Attachment to Instructions for Supplemental Information for SF 424)

DEFINITIONS

Novice Applicant (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. DEFINITIONS AND EXEMPTIONS

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable*

knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information."

(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.

(2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or

the comparison among instructional techniques, curricula, or classroom management methods.

- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d)

possible changes in methods or levels of payment for benefits or services under those programs.

- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant

women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:**

Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:**

Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:**

Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:**

Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for

monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:**

Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):**

If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program.

ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

PROGRAM PERFORMANCE MEASURES UNDER THE GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

WHAT IS GPRA?

The Government Performance and Results Act of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report its progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

WHAT ARE THE GPRA MEASURES FOR THE AMERICAN INDIAN VOCATIONAL REHABILITATION SERVICES--TRAINING AND TECHNICAL ASSISTANCE CENTER?

The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of this grant is to provide training and TA to governing bodies of Indian tribes located on Federal and State reservations (and consortia of such governing bodies) that receive grants under section 121(a) of the Act.

Pursuant to GPRA, the Department is in the process of developing performance measures for this program to assess the success of the grantee in meeting the training and TA goals of this program. In general, these measures will assess the quality, relevance, and usefulness of the training and TA provided by the Center, as well as the performance of the Center in achieving the project's intended outcomes with respect to the specific topics in each of the priority areas specified annually by RSA in the cooperative agreement. The grantee will be required to collect and annually report qualitative and quantitative data related to its performance on these measures in the Center's annual and final performance reports to the Department. The data used must be valid and verifiable.

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

EXECUTIVE ORDER 12372 (INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

PROGRAM APPLICATION INDIRECT COST INSTRUCTIONS

The Department of Education (ED) reimburses grantees for its portion of indirect costs that a grantee incurs in projects funded by the Rehabilitation Services Administration American Indian Vocational Rehabilitation Services Training and Technical Assistance Program, CFDA 84.250Z. Any grantee charging indirect costs to a grant from this program must use the indirect cost rate (ICR), negotiated with its *cognizant agency*, i.e., either the Federal agency from which it has received the most direct funding, subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

Note: Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR they are using in their budget. If an applicant selected for funding under this program has not already established a current ICR with its cognizant agency as a result of current or previous funding, ED will require it to do so within 90 days after the date the grant was issued by ED. Applicants should be aware that ED is very often *not* the cognizant agency for its own grantees. Rather, ED accepts, for the purpose of funding its awards, the current ICR established by the appropriate cognizant agency.

An applicant that has not previously established an indirect cost rate with the Federal government or a State agency under a Federal program and that is selected for funding will not be allowed to charge its grant for indirect costs until it has negotiated a current indirect cost rate agreement with its cognizant agency.

Applicants are encouraged to use their accountant (or CPA) to calculate an indirect cost rate using information in the IRS Form 990, audited financial statements, actual cost data or a *cost policy statement* that such applicants are urged to prepare (but NOT submit to ED) during the application process.

Applicants should use this proposed rate in their application materials and indicate which of the above methods was used to calculate the rate. Guidance for creating a cost policy statement can be obtained by sending an e-mail to IndirectCostGroup@ed.gov.

Applicants with questions about using indirect cost rates under this program should contact the competition manager shown elsewhere in this application package.

COMMON QUESTIONS AND ANSWERS

Q. What happens to my application after it is received in the Department?

- A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. RSA program staff discusses the recommendations with the successful applicants and award the grants.

Q. What happens to my application if the Department finds it to be ineligible?

- A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. How does the Department review an application?

- A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgment about the quality and significance of the proposed project. These people represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff members who comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the official responsible for the program who approves the recommendations for funding.

Q. What criteria do the reviewers use when scoring an application?

- A. Reviewers score each application using the selection criteria published in the *Federal Register* as part of the program regulations, which are given in Section E of this application package. Reviewers are instructed to use only the published criteria.

Q. Is a recommended application guaranteed funding?

- A. No. Funding is not final until discussions have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

Q. How do the invitational, competitive and absolute priorities differ?

A. Invitational Priority

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

Competitive Priority

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the

application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

Absolute Priority

Under an absolute priority, the Secretary may select for funding only those applications that meet the priority.

Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?

- A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

Q. How will funding continuation decisions be made?

- A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

DUNS NUMBER INSTRUCTIONS

Note: Check with your fiscal office to see if your institution has an assigned DUNS before contacting Dun & Bradstreet

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-234-3867** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

http://www.dnb.com/US/duns_update/index.html

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.800.234.3867**
